CANADIAN PAPER AT A DISCOUNT .- It used to be a grievance to many Americans that the Canadians would only take United States notes at a discount, but now the boot is on the other leg. The bills of the Canadian banks are secured by only the individual honesty of the banks' officers, who hold the assets, and they have been and are two not contained. and are two per cent lower than gold in New York city. Since greenbacks and national bank notes have been at par these Canadian bills have freely circulated in Northern New York, but finally the banks at Watertown, in common with these at Utica, Oswego and elsewhere in that section, have decided not to receive them except at 98 cents on the dollar, the value they had there prior to 1860.
